

# EAR WAX REMOVAL SYRINGE

***Safely Flush Ears to  
Loosen & Remove Ear Wax***

## **1. Flared Design**

Unlike a Bulb Ear Syringe that can damage the ear if inserted too far, the Ear Wax Removal Syringe's Flared Design prevents over insertion.

## **2. Tri-Stream Tip**

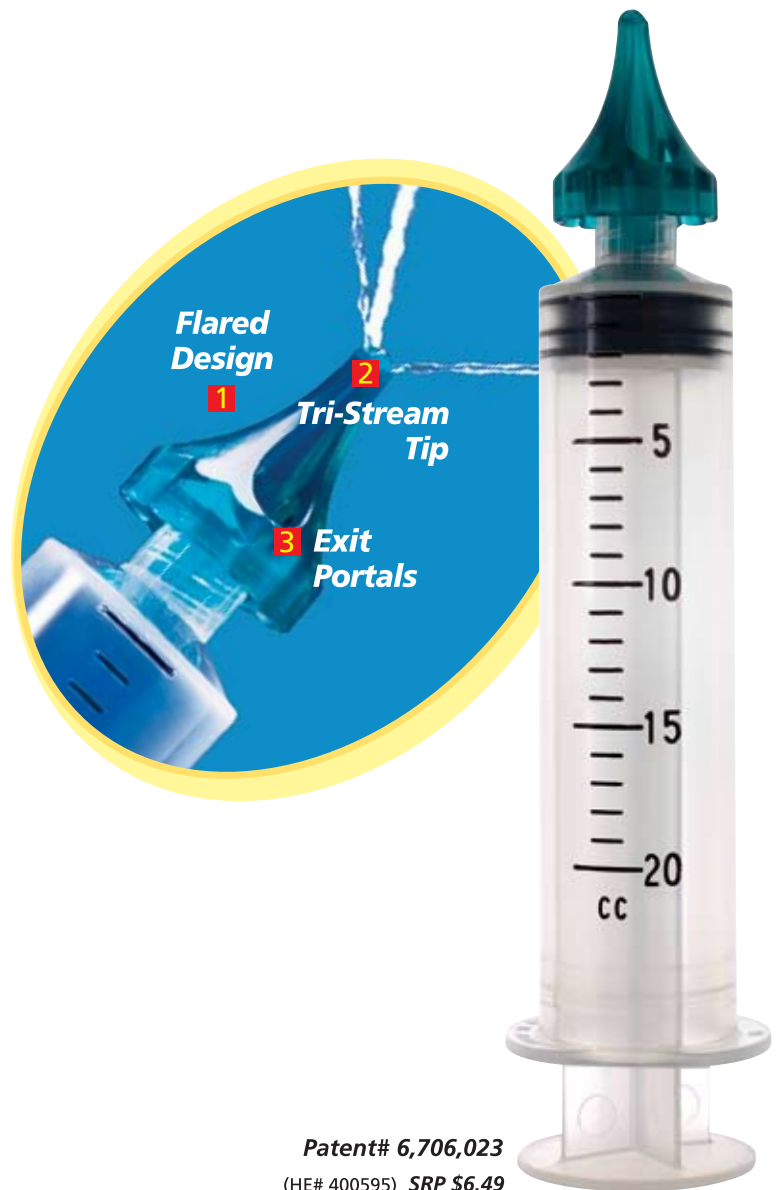

Unlike a Bulb Ear Syringe that shoots a straight stream of fluid that can damage the ear drum, the Ear Wax Removal Syringe's Tri-Stream Tip safely directs fluid to the ear canal walls.

## **3. Exit Portals**

Unlike a Bulb Ear Syringe that must be positioned correctly to allow drainage, the Ear Wax Removal Syringe's Exit Portals drain the ear to prevent fluid buildup.

Not for use in children under three (3) years of age.

- ***Use With Ear Wax Drops to Thoroughly Clean Ears***
- ***Safer & More Effective than Rubber Bulb Ear Syringes***
- ***Doctor Designed***

Patent# 6,706,023  
(HE# 400595) SRP \$6.49

***Safest & Most Effective Ear Syringe***
