

NATURE'S TEARS®

EyeMist®

The Only All-Natural, Drop-Free & Compound-Free Dry Eye Product!

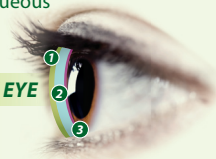

- **Safe and Effective Relief**
- **Patented & Safe for All Ages**

Unlike eye drops, **only Nature's Tears® EyeMist® adds soothing natural moisture to the eye without flooding the tear film's Lipid Layer.**

The patented ultra-fine mist penetrates the tear film's Lipid Layer to add soothing moisture to the Aqueous (Water) Layer.

TEAR FILM & DRY EYE

- 1 Lipid Layer:**
Thin top layer that lubricates eyelid and slows evaporation from Aqueous Layer.
- 2 Aqueous (Water) Layer:**
Thick middle layer that is 99% water. **When the Aqueous Layer loses water/moisture, dry eye and discomfort may result.**
- 3 Mucin Layer:**
Thin bottom layer that adheres the tear film to the corneal surface.
